

Tijana Ledina, PhD

Research title: Associate Professor

Position: Associate Professor at the Department of Food Hygiene and Technology

Affiliation: University in Belgrade, Faculty of Veterinary Medicine, Department of Food Hygiene and Technology – Belgrade, Serbia

Occupation field: Dr. Tijana Ledina is an Associate Professor at the Department of Food Hygiene and Technology, Faculty of Veterinary Medicine, University of Belgrade. Her research primarily focuses on Lactic Acid Bacteria, exploring their technological and functional properties, the development of functional dairy-based foods, and antimicrobial resistance in both pathogenic and commensal microorganisms within the food chain. She is actively involved in two national scientific projects and a bilateral project with the Republic of Slovenia. Additionally, she contributed as a junior expert to the development of Serbia's national strategy for improving raw milk quality.
